Old Dr. Jacob Townsend THE ORIGINAL DISCOVERER OF THE Genuine Townsend Sarsaparilla.

Old Dr. Townsend is now about 70 years of sec. and has long been brozen as the AUTHOR and DISCOVERER Of the OEN UINE ORIGINAL "TOWNSEND SARSAPARILLA" Being paor, he was compelled to limit the manufacture, by which means it has been kept our of market, and the bales circumscribed to those only who had proved its worth, and known its value. It had roached the ears of many, nevertheless, as those persons who mad been healed of sore discusses, and saved from death, orectained its wonderful.

This GRAND AND UNEQUALLED PREPARATION is manufactured on the largest scale, and is called for throughout the length and broadth of the land, superially us it is considered the constant of the land. manufactured on the largest scale, and a called for through out the length and breadth of the land, especially as it is found incapable of degeneration or deterioration. Unlike young S P. Towniesday, it improves with age, and never changes but for the better; because it is prepared on accentific principles by a secentific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the Old De's Sarsaparilla. The Sarsaparilla root, it is well known to medical man, contains many medicinal properties, and some properties which are there or useless, and others, which if retained in preparing it for use, produce for mentations and actid, which is injurious to the specime. Some of the properties of Sarsaparilla are so velatile that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process, known only to those experienced in its manufacture. Moreover, these relatile principles, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties, which fight of it is list value.

WASHINGTON HOUSE. Chesnut street above Seventh street,

PHILADELPHIA, ES central, in the immediate vininity of the S central, in the immediate vicinity of the most important public Institutions, tho best and most fashionable places of business, and the attractive public Squares of the city. In the important requisites of light and ventiliation, two principal objects aimed at in the recent anlargement and thorough improvement of this House, it is not exceeded, perhaps, by any establishment in America. To strangers, therefore, its position is peculiarly desirable. The culsoriber returns thanks to his friends and the public for the liberal naturenage they and the public for the liberal patronage they have extended to him, and assures them that have extended to man, serit a continuance of the will endeavoy to merit a continuance of their favors.
